DoD Perspective

Multi-Service/DoD Munitions Activities Panel

April 13, 2004

Anthony J. Melita
OUSD (Acquisition, Technology & Logistics)
Deputy Director, Defense Systems,
Land Warfare and Munitions

Where Are We Going?

- With new JCIDS process, munitions should be “born joint” (e.g., Joint Common Missile)
- Munitions activities with OSD interest/emphasis:
  - Insensitive Munitions
  - Fuzing
  - UXO
  - Modeling & Simulation
  - Advanced energetics
  - SMCA / PEO Ammo (Demil, ….)
  - Land Attack Weapons IPT
  - Munitions Industrial Base / strategic planning
  - Non-Lethal
  - NATO Standardization
